Change to Read:

17.3 Provide an environmental spill kit, mounted on the side of the unit.

Question: Page 5 of 21, 1.8.7: Delete the Local Business Entity from this bid.

As we are one of a few heavy duty truck dealers in the region that a provided heavy truck bids to the city in the past, only one has a LBE Certification. This only one truck dealer with a LBE Cert. has a tremendous advantage considering the basis of award is the total bid, less inspections. The means with the current LBE only one bidder would have a 5% advantage of four (4) different body builders, plow and plow equipment with an est. value of \$250,000.00. None of the specified body builders (subcontractors) are within the city limits. With the present LBE language "...I certify, that if awarded this contract..." and "will perform the majority of the work under this contract within the geographic limits..." the LBE cannot be meet. Thus we request the LBE be deleted from this bid.

Answer: Paragraph 1.8.7 shall remain as is.

Please sign, date and return this addendum with your bid to the Procurement Department, 1401 J.F.K Boulevard, Bid Room 170A, Philadelphia, PA 19102-1685 as it now becomes a part of the proposal.
